

### Mission

At Imela Ideas, our mission is to create spaces that are not just functional and aesthetically pleasing, but also evoke emotion and tell a story. We believe that every space has the power to transform lives, inspire creativity and bring people together. As a company that values human connection, we are committed to investing time and resources in understanding our clients' unique needs and aspirations, so that we can create designs that reflect their personality, values and vision.

### Vision

Our vision is to become the go-to destination for clients seeking unique, innovative and functional spaces that inspire and transform. We envision a future where our designs not only meet the practical needs of our clients but also touch their hearts and souls. We aspire to build a company that is known not only for its exceptional service but also for its commitment to human connection, community development, and sustainability. We believe that by investing in our clients, our team, and our environment, we can make a positive impact that extends beyond the walls of our spaces and into the lives of those we serve.

# PROJECTS

#### THE CURVE BY THE PARK

Interior & Exterior design

Art & Decor

At Imela Ideas, we had the privilege of working on a project that was not just about improving the physical space but also about creating an experience that touches the hearts and souls of visitors.

- 1. Our work at The Curve by the Park involved carefully selecting materials and finishes that not only matched the client's vision but also complemented the natural beauty of the surrounding park.
- 2. We also added thoughtful interior decor elements that improved the functionality and flow of the space, creating an inviting atmosphere for visitors to relax and connect.
- 3. Our team took great care in designing the reception area, painting a beautiful backdrop.
- 4. The Curve's logo, we created a unique identity that represents the spirit of the place.
- 5. We also created a concierge area that welcomes and guides visitors, making their experience at The Curve one to remember.

It was an honor to be a part of this project and to have contributed to the beauty and soul of The Curve by the Park.

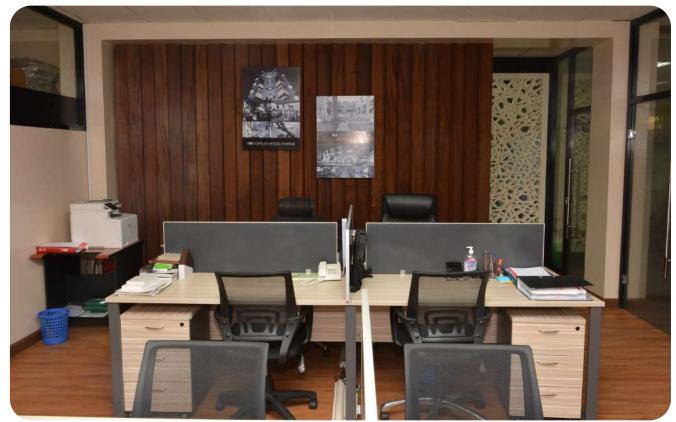

#### **Spartan Developers Project**

Project Management

This project was not just about creating a functional office space, but also about infusing it with a sense of style, comfort, and warmth. Our team paid close attention to every detail, from the entrance cladding that greets visitors to the reception area that sets the tone for the rest of the space.

- 1. We created beautiful gypsum ceiling bulkheads that not only provide functional lighting but also add an artistic touch to the reception area.
- 2. Our team took great care in designing and building the reception desks, which serve as the first point of contact between the company and its clients.
- **3**. We did not stop at creating a functional layout for the office, but also carefully selected office furniture that matched the client's vision while providing comfort and ergonomics for the employees.
- **4.** We created a unique division of the office space using aluminum and glass, which not only provides privacy but also allows for natural light to flow through.
- 5. Our team carefully installed electrical cabling to ensure that the lighting and power outlets were perfectly placed for optimal functionality.
- 6. We paid close attention to the flooring, installing beautiful tiles and wall-to-wall carpets that add comfort and warmth to the space.
- 7. Our team did not forget about the windows, and we installed window blinds that not only provide privacy but also add a touch of elegance to the office.
- 8. Finally, we created a waiting lounge that not only serves a functional purpose but also provides a comfortable and stylish space for visitors to relax.

#### Karen project

Interior & Exterior design
 Art & Decor
 Project Management

We were privileged to work on the Karen Project, a residential space that required our expertise in creating a cozy and comfortable home for our client.

- **1.** We meticulously selected the perfect floor tiles and painted the walls to create a calming and warm atmosphere.
- 2. Our team put in the extra effort to ensure that every detail, including the wooden finishes on the doors and windows, and the wardrobes, was perfectly crafted to meet the client's needs.

Our goal was to ensure that our client would be able to walk into their dream home with no further adjustments necessary. We pride ourselves on creating spaces that are not only beautiful but also functional and livable.

Project Management

This project presented us with a blank canvas to work with. We approached this project with a fresh perspective and were excited to see what we could create for our client.

- 1. We selected a beautiful wallpaper finish that would create a cozy and inviting atmosphere while also reflecting the client's personal style.
- 2. We carefully chose new furniture pieces and arranged them in a way that would optimize the space while also making it comfortable and functional.
- **3**. To complete the project, we installed a balcony carpet grass, which added a touch of nature to the apartment, and painted the entire apartment with a fresh coat of paint.

It was a pleasure to work on this project and to see the joy and satisfaction on our client's face when they saw their idea come to life.
